Additional Information

CLEAN

Clean with a slightly damp, soft cloth. To remove dirt and fingerprints, use a quality cleaner formulated for wood furniture. Wipe completely dry with a soft cloth in the direction of the wood grain.

WALNUT CARE

The walnut version of this table is finished with a Rubio® Monocoat Finish. We suggest treating the surface with Rubio® Monocoat Refresh every 12 to 24 months to extend the life of the finish as instructed:

After cleaning the surface, apply Rubio® Monocoat Refresh and spread with a cloth. Allow the product to react for 5 minutes before wiping the surface dry with a cloth or paper towel. Polish until the surface feels completely dry. Work in zones that can be fully wiped dry within 15 minutes. The surface will be completely dry and useable after 5 hours.

Rubio® is a registered trademark of Muylle-Facon.
