

Sleep tight.

BLU DOT MATTRESS MODELS

This is personal.

One-third of your entire life is spent on a mattress. Why wouldn't you be picky about it?

Find your ideal sleeping mate in one of three unique mattresses, each made in the USA. As with all Blu Dot designs, simple pleasures come from thoughtful beginnings. Like how to achieve an ideal firmness level with a perfect balance of CertiPUR-US® certified materials.

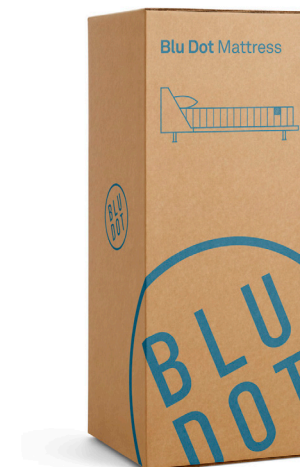

Because we believe you should love this part of your life, even if you don't remember that much about it.

Three great choices. With a firmness level that fits you.

- **Sleeps cool.** We use open cell structure foams that allow increased airflow.
 - **Certified.** All of the foam we use is CertiPUR® certified. The foams we use are low VOC and made without PBDEs, TDCPP or TCEP.
 - **No box spring is necessary.** Our mattresses work on your old box spring, a platform bed or adjustable bed.
 - **Flipping the mattress is not necessary.** Our mattress constructions are a single-sided design.
 - **Compact packaging.** Our mattresses are tightly rolled and boxed. Please open in the room you plan to use them.
 - **Made in USA.**
-
- 100-night trial period
 - Free returns within trial period

1" Natural latex base

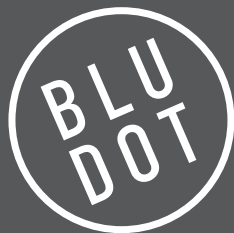

For once you can call this research.

Take advantage of it. Kick back, lounge as you do, no judgements here. We invite you to fully test each model to find that just-right match of comfort and support. And if you do happen to nod off, we'll consider it a compliment.

Don't let the magnitude of this decision keep you up at night, though. Our 100-night trial period has your back (even if you're a side-sleeper).
